## We offer a wide range of services and rental options

Newkota flowback operations can adapt to a wide range of operational scenarios. Our open-top tanks are manufactured to our specifications to achieve the highest operating efficiency available. Frac screen-out packages are available for rent or as a turnkey service complete with our trained operator. Our well head frac stands are height adjustable and have the ability to close around a variety of wellhead sizes. Keep your site traffic moving and your pipes protected with our rugged drive-over pipe ramps. Simplify your operations with our job site combination unit. Protect your business against thousands of dollars in cumulative downtime costs with our economical cleaning, deicing and heating services. Provide light and power with our light tower and generator rental packages.

## Our promise to you

Your business is about maximizing your bottom line, and our job is helping you to achieve that. Our business revolves around saving you money and time. Our equipment is tested and proven to drastically reduce your downtime, saving you money and giving you much more time to get your job done right. Give us a call and see how we can cut your costs, dramatically and immediately.
